

Bespoke Joinery

Main Contractor: F B Ellmer Ltd,
part of the Bryne Group

Architect: tp bennett

Location: Sea Containers House - so named because of its long term past resident 'Sea Containers'. This dominant building is situated towards the end of London's South Bank area right on the banks of the River Thames. An extensive internal and external refurbishment began in 2011 with the east and west wings remaining as offices and the south wing becoming the Mondrian Hotel.

Scope of Works: Manufacture and installation of bespoke joinery package for shared lobby/reception area including:

- Oak slatted ceiling and wall feature
- Five wavy oak panelling walls
- Stainless steel and oak slats to staircase balustrade
- 3D effect MDF wall panelling to stairwell in a high gloss finish
- Stainless steel over panels to lift fronts

Project Value: £250k
