

Bespoke Joinery

Client: Salesians of Don Bosco
Main Contractor: Roof Limited
Architect: msmr architects
Location: Battersea, London

The **Salesians of Don Bosco** are a Roman Catholic Institute which was founded in the late 19th century by Saint John Bosco. Their new community house in Battersea designed by msmr architects provides personal accommodation for the members of the religious community, visiting residents and a chapel.

Scope of Works:

Manufacture and installation of the following bespoke joinery items:

- New reception point.
- Library book cases.
- Oak acoustic panels, wall panelling and seating.
- Larch dining room bench.
- Tea point with Corian top.
- Credenza units.
