

Client: Bunnings

Location: Walton-on-Thames

Scope of Works:

Hurst delivered the full fit out of the new Bunnings Warehouse store at Walton-on-Thames over a 6 week programme. The store measures 34,000 square feet and offers customers a wide range of leading brands and other services including paint mixing, key cutting, a garden centre and timber cutting.

The project included:

- Strip out of the existing Homebase store.
- High level M&E alterations.
- Installation of all new racking.
- Installation of high level banners and low level signage.
- Entrance works including new ceiling tiles and re-spraying of shopfront.
- Garden centre works including: deep clean, install of shower canopy, new racking, re-spray of shop fronts.
- Fit out of back of house facilities including new flooring.
- Co-ordination of external works including new trolley bays and all signage.
