

May 2013

To Whom It May Concern

Dear Sirs

RE: Hurst Joinery Projects Limited

Joinery Fit Out to Contemporary Applied Arts Exhibition Centre, at 93-94 Southwark Street, London.

We were the principal contractors on the above named project and can confirm that Hurst Joinery Projects Limited were the fit-out joinery sub contractor.

Contemporary Applied Arts is a registered charity which was set up to promote and champion British Craft. The organisation offers dedicated exhibition and retail space with a changing programme of shows and associated events at its centre at 93-94 Southwark Street, London.

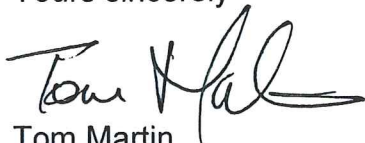

The joinery package was worth in the region of £50k and was completed in May 2013.

Hurst Joinery Projects Limited completed the project to our upmost satisfaction and to our Client's satisfaction. The joinery package was delivered to a very good standard of quality and on time. All the Hurst Joinery staff were helpful and courteous and a pleasure to deal with on a day to day basis.

Their scope of works included the supply and installation of 15 display cases in birch ply, 6 of which are illuminated and an illuminated jewellery counter. Plus, supply and installation of a bespoke staircase and hand rail in oak, back office kitchen and front of house serving counter.

I would wholly recommend Hurst Joinery Projects Limited for works of this nature and look forward to working with them again in the near future.

Yours sincerely

Tom Martin
Managing Director
Virtus Contracts Limited
