**[thehurstgroup.co.uk](http://thehurstgroup.co.uk)**

**Client:** Olivo Restaurants

**Location:** London

**Main Contractor:** ABR Projects Ltd.

**Architect:** Pierluigi Piu

Hurst Joinery manufactured and installed a bespoke joinery package as part of the fit out of the London restaurant Olivo. Olivo is an intimate dining experience decorated in a contemporary style which reflects elements of Sardinian culture. The restaurant offers an enticing variety of traditional Italian and Sardinian cuisine.

#### **Scope of Works:**

- Bespoke Corian bar counter and back fitting.
- Cantilevered seating and upholstery.
- Glazed screen (1 hour fire rated) between entrance and main restaurant.
- Main restaurant electronic folding flush door (folds into a pocket when not in use).
- Washroom and cloakroom veneered oak doors .
- Washroom vanity units and mirrors.

**Client:** National Science and Media Museum

**Location:** Bradford

**Principle Contractor:** Hurst Joinery Projects Limited

Hurst are proud to have worked with the National Science and Media Museum in Bradford on its new £1.8m world-class interactive **Wonderlab Gallery**. The gallery explores the science of light, sound and perception through state-of-the-art hands-on activities.

Wonderlab includes more than 20 permanent exhibits including:

- The UK's first permanent Time Twister screen.
- The world's first permanent 3D-printed zoetrope.
- Selfies timed to the exact moment a water drop splashes.
- A 6ft sphere with spectacular recordings of the surface of the sun and earth.
- Sound Bite: listen to music – through your teeth.
- A giant 15m long pink echo tube.
- An 8ft tall mirror maze.

[thehurstgroup.co.uk](http://thehurstgroup.co.uk)

**Main Contractor:** F B Ellmer Ltd,  
part of the Bryne Group

**Architect:** tp bennett

**Location:** Sea Containers House - so named because of its long term past resident 'Sea Containers'. This dominant building is situated towards the end of London's South Bank area right on the banks of the River Thames. An extensive internal and external refurbishment began in 2011 with the east and west wings remaining as offices and the south wing becoming the Mondrian Hotel.

**Scope of Works:** Manufacture and installation of bespoke joinery package for shared lobby/reception area including:

- Oak slatted ceiling and wall feature.
- Five wavy oak panelling walls.
- Stainless steel and oak slats to staircase balustrade.
- 3D effect MDF wall panelling to stairwell in a high gloss finish.
- Stainless steel over panels to lift fronts.

[thehurstgroup.co.uk](http://thehurstgroup.co.uk)

**Client:** Salesians of Don Bosco  
**Location:** Battersea, London  
**Main Contractor:** Roof Limited  
**Architect:** msmr architects

The **Salesians of Don Bosco** are a Roman Catholic Institute which was founded in the late 19th century by Saint John Bosco. Their new community house in Battersea designed by msmr architects provides personal accommodation for the members of the religious community, visiting residents and a chapel.

- Upholstered banquette seating, wall panelling with painted finish and oak topped tables in recreation room.
- Upholstered seating for private cinema room.

**Contractor:** Parkeray Ltd.

**Architect:** Tigg+Coll

**Location:** Kings Cross, London

Hurst Joinery manufactured and installed a number of bespoke joinery items for a world-class overseas student accommodation project in central London. The project incorporated a new design scheme provided by Tigg+Coll Architects, which has a unique look and feel with a distinctive character.

**Scope of Works:**

- Supply and install of kitchenette with breakfast bar.
- Supply and fit of traditional leather banquet seating.
- Matching traditional wall panelling to perimeter of student break out area.

**Client:** Harrow Library, University of Westminster

**Main Contractor:** Parkeray Limited

**Architect:** Rock Townsend

Hurst Joinery Projects delivered a bespoke joinery package as part of the transformation of Harrow Library. Silent study booths and high-backed armchairs sit alongside custom designed IT benches. The use of honest materials with bold geometric lighting and occasional highlights of colour makes the library an exciting place to read and study.

Tim Robinson, Project Architect said:

**'The raw materials and soft furnishing give a studio feel, with splashes of colour helping to zone the spaces. It was also important to offer a variety of spaces for silent and independent study'.**

**Bespoke Joinery Scope of Works:**

- Perimeter Benching
- Private Study Tables
- Study Pods
- High Bench Tables
- Magazine Display Case - with glass top
- Lockable Book Display - with glass top
